

Trials and Licenses

Taking a test drive of Curio

Trial Period

Curio initially launches as a 2-week, fully functioning trial of Curio Professional showing off all of its amazing features, with no limitations. At the end of the trial you can request a trial extension if you haven't already.

License Key

At any time you can purchase a license key from our online store which you can then enter into Curio's License dialog, via the Curio > License menu item.

After entering your license key, Curio's features and functionality may change as appropriate for the entered key. For example if you purchase a Curio Standard license then Professional features will be removed from the interface. Likewise, entering a Curio Core license will remove Standard and Professional functionality. As a note, you can always purchase a *crossgrade* license if you wish to upgrade your Curio edition.

Reader Mode

If you decide not to purchase a license, you can continue using the product as Curio Reader for read-only browsing, printing, presenting, and exporting of Curio project files. The toolbar and interface will change to reflect this simplified functionality. At any time you can still purchase and enter a Professional, Standard, or Core license key and the interface will refresh itself to enable the appropriate functionality.
