

# About This Project

*Enjoy this tour of Curio!*

---

This *Welcome* document provides a brief overview of Curio's amazing features, but we didn't want to overwhelm you so the information is carefully grouped for easy consumption.

## Getting Started

In the top-left corner of the window you'll find an area which divides this *Welcome* project into several sections. Currently you're in the *Getting Started* section which provides an overview of Curio's interface and main functionality.

## Samples

The *Samples* section is a fun showcase of what you can create with Curio. Definitely check it out!

## Where's the Documentation?

You can find Curio's documentation via the Help > Curio Documentation menu item. The documentation is hosted on Zengobi's website so we can more frequently update it with additional content, clarifications, and corrections.
